## Chapter 1 by Mimi Minecraft

You were sitting in your apartment bedroom, watching Team Crafted on YouTube. Once the video was over, you started up Minecraft. While it was loading, you went to your small kitchen to get a (favorite sandwich) and a can of pop. You brought it back to your bed & watched the Minecraft screen pop up. But, instead of the regular home page, there was a picture of Herobrine! You laughed, saying, "Nice try, Mojang! You aren't scaring me!" But then the Herobrine's mouth opened and you were sucked in!

When you opened your eyes, you saw a blocky forest. "Wait a minute... This isn't my apartment!" You said. You looked down at yourself and shrieked! You were all blocky! You looked around, trying to figure out what was going on. Then, you had a lightbulb moment. "OH MY GOSH! I'm in Minecraft?!" You yelled. Then, you started freaking out.

"Okay, ummm... What to do now? Hmmm... OH! I should start collecting supplies and build a house!" You decided. You started running to the forest and started to punch trees.

~Time skip~

You looked at the large yet simple house you had created. "Um... A little big for just one person, but who cares?" You said, walking into the house.

## Chapter 2 by mojoryan2003

The night was coming soon, but thankfully you had already killed some sheep to get wool for a bed. You could sleep now, or make a mine in your house. "Well, I guess I'll go mining for a bit

(bed). You craft a wooden pickaxe and dig into the ground to get some stone before heading back up to make a stone pickaxe. You see some mobs in the distance, so you head down after seeing some mobs

outside of your house. "Huh, I didn't expect to see some mobs here." You say to yourself as you dig some stairs down before eventually finding a cave. "Well, I guess I'll go mining for a bit. I really need torches!"

After mining it all you find some iron and decide to head back up so it doesn't get dark enough

inside for mobs to spawn. "Great I need more wood tomorrow." you mumble to yourself. You craft a furnace and throw your iron in with your last remaining wood instead of making torches. Smart. You grab it all and throw it in your chest before going to bed. Instead of waking up like normal however, you seem to have a dream about Herobrine? "Steve, I have chosen you to play this game with me." He explains. "What?" I ask confused. "It's quite simple, I want to play Minecraft with you!" He seems slightly annoyed now. "I want to go home!" I exclaim. "No! You don't get to go home until you defeat the enderdragon!" He says, now clearly angry. "Alright, what do you want me to do?" I ask, scared. "Well I just want to watch you while you play the game!"

### Chapter 4 by Jake?

The YouTubers can't talk like I can. They seem to type messages and those messages pop up above their heads.

"Well there's no point in sticking around with them," I say.

I go back to my base, just to find Logodotzip stealing all my stuff.

"HEY! Give that back!" I scream.

He grabs my iron sword out of my valuables chest and throws it at me. It cuts through my chest.

What happens next was unbelievable. As you can assume, I died. But where I woke up was a

whole different story.

I woke up next to the one and only Herobrine on his computer.

There's a lot of explaining
